SCHOOL PERFORMANCE FACT SHEET CALENDAR YEAR 2016

This School Performance Fact Sheet is made available to all prospective students, in fulfillment of the requirements set forth in Section 94902 of the California Private Postsecondary Education Act of 2009, which is effective January 1, 2010, and for the purpose of supporting informed choice. **The following information is data compiled from January 1, 2015 through December 31, 2016.**

The Bureau for Private Postsecondary Education (BPPE) is the regulatory body for private postsecondary institutions for the State of California. The BPPE requires that each institution provide the following information to students prior to enrollment, as evidence of recognition of the need to address consumer protection:

- Rates of completion for each program of instruction within a specific period of time.
- Placement rates for each program of instruction
- License examination rates for applicable programs such as Clinical Psychology
- Salary or wage information for each career, occupation, trade, job, or job title, as applicable, for which students are prepared, and for which data is available.

Please read the Fact Sheet below and initial each paragraph to indicate that you have read them. Please let us know if you have any questions. Thank you.

I. RATE OF SUCCESSFUL COMPLETION*

*The number and percentage of students who begin our Programs and successfully complete the entire Program during the published program length is the following:

A. On-Time Completion Rate (Graduate Rates) – reflects students who complete the program with the published, expected time of completion as listed in the CIHS catalog. CIHS students determine their own rate of completion.

Please initial the right column, which corresponds to the program you are intending to enter.

Calendar Year	degree	Program	Number of Students who Began the Program ^{*1}	Students Available for Graduation ^{*2}	Number of On-Time Graduates ^{*3}	On-Time Completion Rate
2015	BA	Integral Studies	3	2	1	50%
	MA	Psychology	0	0	0	N/A
		Integral Health	5	5	2	40%
		Life Physics	0	0	0	N/A

		Life Physics	1	1	1	100%
		CRP	2	2	0	0%

*1 The number of students who began the program that is scheduled to be completed in the year being reported.

*2 The number of students available for graduation for the program being reported.

*3 Of the students available for graduation, the number of students who complete the program within 100% of the published program period.

Student's Initials: _____ **Date:** _____

Initial only after you have had sufficient time to read and understand the information.

It should be noted that due to the specific and subjective nature of earning Master and Doctorate degrees (as well as the BA completion program) in adult higher education, it is challenging to quantify exactly how many begin in the same year and finish in the same year. Many students choose to take longer than one or two years because they self-pace the degree due to various factors particular to adult higher education such as working full time, personal matters, finances, to name just a few. CIHS prides itself on its flexibility and students must be self-motivated. While we have a designated time for completion of the program as noted in the Student Enrollment Agreement, CIHS students, ultimately, finish at their own rate. The pace of each program is individualized.

B. Students Completing Within 150% of the Published Program Length^{*4}

^{*4} This 150% completion rate reflects students who complete program in 1.5X the expected rate. Please note CIHS students work at their own pace.

II. JOB PLACEMENT RATES

The Master's and Doctorate degrees in Clinical Psychology provide licensure eligibility to practice psychotherapy and psychology respectively. Due to the unique and specialized nature of our other humanistic/integral programs, many of our students are practitioners in the healing arts, researchers, conduct individualized practice, or are already professionals or in education before they begin a new course of study. It is impossible to quantify these subjective careers. However, any graduate degree prepares graduates to deal more effectively in any professional, clinical, research, and /or academic setting, or in any higher-level occupation. I understand the subjective nature of the course of study in which I am undertaking. Goals for such programs are individualized.

*Of the number of graduates available for employment, this chart represents those graduates who reported that they became gainfully employed in a single position for which the institution represents the program prepare graduates within six months after a student completes the applicable education program. (AB2296, Sec.6;CEC94928(e)(1)) Specifically, these graduates, who reported their employment, obtained a position in which the skills learned through the education and training provided by CIHS were required and/or provided a significant advantage in acquiring the position. As per the code, CIHS is mandated to provide the following sub-entity employment positions. CIHS recognizes that these outcome events are challenging to quantify for graduate degrees that are 1) interdisciplinary in nature 2) based on humanities and/or social science and are supplemental to practitioner or other subset training and/or existing skill sets 3) Additional training for Clinician or practitioner based healing arts, (outside of licensure track psychology positions).

III. GAINFULLY EMPLOYED CATEGORIES

A. Part Time vs. Full-Time Employment

Calendar Year	degree	Program	Number of Students who Began Program	Numbers of Graduates	Graduates Employed in the Field	Graduates Employed in the Field 20-29 Hours per week	Graduates Employed in the Field at least 30 hours per week	Total Graduates Employed in the Field

IV: SALARIES AND WAGES

The California Institute for Human Science makes no claim as to annual starting wages or salaries of graduates, nor as to local availability of jobs in the field. The graduates for salaries in these fields of study are highly subjective and driven by market trends, self-motivation, an already established career, and various other factors. CIHS does not offer employment placement assistance, besides generalized networking among faculty and adult students. All alumni are encouraged to remain part of the CIHS active learning community which offers many workshop and networking opportunities throughout the year.

The chart below represents annual salary and wages reported by graduates employed in the field of their study.

Calendar Year	degree	Program	Graduates Available for Employment	Graduates Employed in the Field	Annual Salary and Wages Reported Graduates Employed in the Field

V. COST OF EDUCATIONAL PROGRAM

Total charge for the program for students completing on-time in 2015:

B.A. Completion Program	\$9,675.00
M.A. Degree (56 units)	\$15,680.00
Ph.D. Degree (94 units)	\$27,640.00

Total charges may be higher for students that do not complete on-time.

Student's Initials: _____ **Date:** _____
Initial only after you have had sufficient time to read and understand the information.

VI. FEDERAL FINANCIAL AID PROGRAM DISCLOSURE

Students at CIHS are not eligible for federal student loans. This institution does not meet the U.S. Department of Education criteria that would allow its students to participate in federal student aid programs.

Student's Initials: _____ **Date:** _____
Initial only after you have had sufficient time to read and understand the information.

VII. NOTICE CONCERNING TRANSFERABILITY OF UNITS AND DEGREES EARNED AT CIHS

CIHS has permission to operate and grant degrees by the California Bureau for Private Post-Secondary Education (BPPE). Our clinical psychology programs are also approved to meet eligibility requirements for licensure with California's Board of Behavioral Science (BBS) and the Board of Psychology (BOP). I understand that CIHS is not accredited at this time.

Student's Initials: _____ **Date:** _____
Initial only after you have had sufficient time to read and understand the information.

All graduate schools determine eligibility for transfer credits on a case-by-case basis. If you decide to transfer schools or complete your education elsewhere, the transferability of credits earned at the CIHS may be at the complete discretion of an institution to which you may seek to transfer. If the degree that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this

institution will meet your educational and professional goals. This may include contacting an institution to which you may seek to transfer after attending CIHS to determine if your degree will transfer if your degree is not terminal.

Student's Initials: _____ **Date:** _____
Initial only after you have had sufficient time to read and understand the information.

IX. DEFINITIONS

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.
